PHILLIP R. ANDERSON
MAJOR GENERAL, U.S. ARMY
DIVISION ENGINEER
P.O. BOX 80
VICKSBURG, MISSISSIPPI 39181-0080

DEAR ~~MR~~ GENERAL ANDERSON:

I AM THE COMMUNITY DEVELOPMENT DIRECTOR FOR THE CITY OF ARNOLD. I AM ALSO THE ARNOLD STREAM TEAM ~~#~~211 COORDINATOR. I WOULD APPRECIATION YOUR CONSIDERATION OF THE FOLLOWING ISSUES:

- THE COST/BENEFIT ANALYSIS FOR FUNDING AND/OR AUTHORIZING LEVEE CONSTRUCTION SHOULD BE RESTRUCTURED TO INCLUDE ENVIRONMENTAL IMPACTS
- WHEN CONDUCTING FLOOD MITIGATION ANALYSIS, GREATER CREDIT SHOULD BE ASSESSED FOR THOSE AREAS AND COMMUNITIES WHICH HAVE A NON-STRUCTURAL APPROACH
- BY CHANNELIZING THE MISSISSIPPI RIVER FOR COMMERCIAL TRAFFIC, THE NATURAL HYDROLOGY OF THE RIVER HAS CHANGED TO THAT END GREATER EFFORT SHOULD BE MADE TO INTRODUCE OXYGEN INTO THE RIVER
- IMPLEMENT ~~TER~~ TERTIARY TREATMENT ON THE LOCAL SOLID WASTE TREATMENT PLANTS INSTEAD OF DUMPING SOLID EFFLUENT INTO THE MISSISSIPPI RIVER.

Thank you Mike DeRuntz
