PIANC USA Releases August Newsletter

ALEXANDRIA, VIRGINIA. PIANC USA, the United States national section of the World Association for Waterborne Transport Infrastructure (PIANC), has just released its August newsletter. This issue of the newsletter features articles on technical working groups, upcoming industry events, US Section leadership changes, and more. It is designed to keep interested parties up-to-date on the latest PIANC USA developments and industry news.

The Secretariat for the US Section is located at the Institute for Water Resources (IWR) National Capital Region Humphreys Engineer Center facility, and is committed to fostering progress in all fields related to waterborne transportation. Since 1902, PIANC USA members have worked with experts from around the world to improve and support maritime and inland waterway and port development and management.

####

PIANC USA was organized in 1902 with the U.S. Army Corps of Engineers (USACE) serving as the Secretariat. Membership is comprised of engineers, scientists, economists, planners, dredgers, port operators, regulators, and marina and vessel owners. The Assistant Secretary of the Army (Civil Works) and the USACE Deputy Commanding General for Civil and Emergency Operations serve as liaisons to the U.S. National Commission.
