OFFICE OF THE MAYOR

MOON LANDRIEU
MAYOR

Colonel Richard Hunt
United States Corps of Engineers
Foot of Prytania Street
New Orleans, Louisiana

Dear Colonel Hunt:

Although amendment #6 authorizing the Orleans Levee Board to levy millage for the Lake Pontchartrain Project was defeated, I would like to express to you my firm support for the concept of additional flood control for Orleans Parish.

As you know, even with the passage of Federal Revenue Sharing, both the operating and the capitol budgets of the City of New Orleans are very tight. Nevertheless, I will do all I can to secure local matching funds for additional hurricane protection and flood control.

Please continue your efforts to move this project forward.

Sincerely,

Moon Landrieu
Mayor
