BUILDING STRONG®

Final Multi-Objective Handbook (2010)

Status: **Project Manager:**

In Progress [Kevin Knight](#)

Purpose: This project will develop a manual to serve as an instructional tool and resources for planners undertaking projects having multiple (and often competing) objectives. This will be used extensively in collaborative planning settings.

Objective: The objective is to develop a planning resource to guide multi-objective planning and facilitate collaborative planning.

Benefits: This resource will lead to better planning, less conflict, and potentially more holistic and acceptable plans being formulated.
