## Planning Associates Program (2010)

**Status:**            **Project Manager:**

In Progress        [Joy Muncy](#)

---

**Purpose:**            The Planning Associates Program is an advanced training opportunity in water resources planning offered by the U.S. Army Corps of Engineers.

---

**Objective:**        The goals of the Planning Associates or PA Program are to broaden planner's competencies in solving complex water resources problems and challenges, and to strengthen their leadership talents. The Program curriculum is rich in team building, leadership training, experiential training in the Corps Civil Works business functions, case studies, individual and group projects, instructional training and experiences, and many networking opportunities with leaders from the public and private sectors.

---

**Benefits:**         The benefits from the PA Program will broaden planners' competencies in solving complex water resources problems and challenges, and to strengthen their leadership talents. The Program curriculum is rich in team building, leadership training, experiential training in the Corps' Civil Works business programs, case studies, individual and group projects, instructional training and experiences, and many networking opportunities with leaders from the public and private sectors.

---

**Progress:**         Planning Associates Class of FY09 is on schedule and will complete on time. Applications are in for Class of FY10. Selections by 1 Sep 09.
