## Support for the National Academy of Sciences Disasters Roundtable (2010)

**Status:** Completed

---

**Purpose:** Providing funding support to the Disasters Roundtable will enable the Corps to designate an ex-officio steering committee member to participate in guiding the activities of the Roundtable.

---

**Objective:** The objective is to participate in the Roundtable to further knowledge, understanding, and solutions to problems resulting from natural disasters.

---

**Benefits:** Participation in the Roundtable will enable the Corps to collaborate with other Federal agencies and organizations with responsibilities during natural disasters. This collaboration will advance the ability of the Nation to deal with natural disasters.
