

Civil Direct Allotted Programs

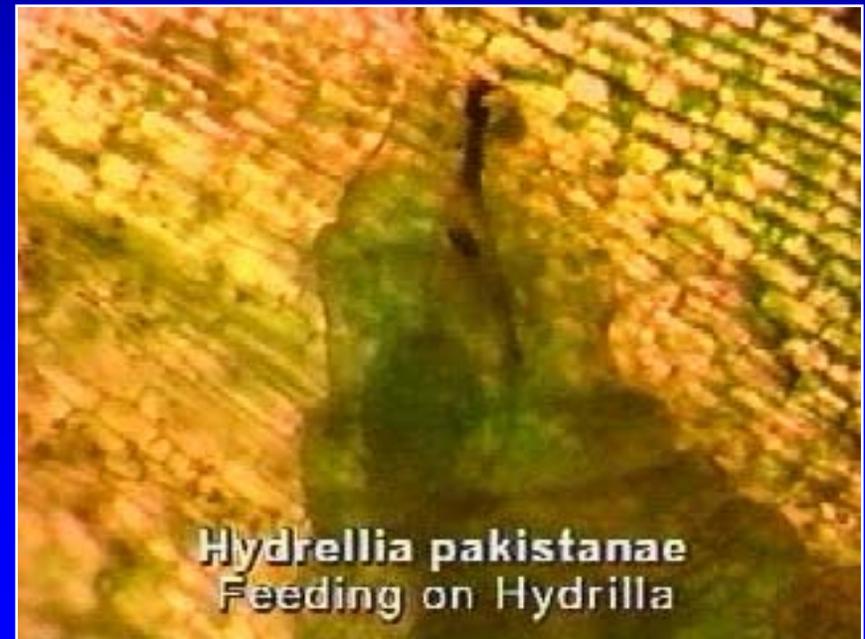

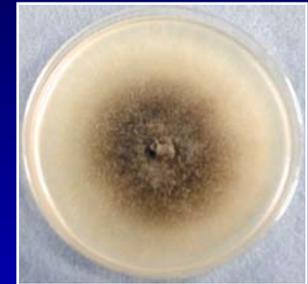

- **Aquatic Plant Control Research Program (APCRP)**
- **Aquatic Nuisance Species Research Program (ANSRP)**
- **Ecosystem Management and Restoration Research Program (EMRRP)**
- **Water Operations Technical Support (WOTS)**
- **Wetlands Regulatory Assistance Program (WRAP)**
- **Recreation**

Aquatic Plant Control Research Program (APCRP)

FOCUS AREAS

- **Biological Control**
- **Chemical Control**
- **Ecological Assessment**
- **Management Strategies and Applications**

Biological Control

Hydrellia pakistanae
Feeding on Hydrilla

Chemical Control

Ecological Assessment

Aquatic Nuisance Species Research Program (ANSRP)

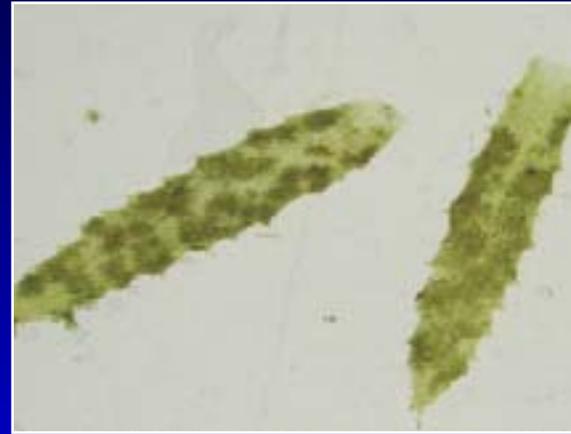

FOCUS AREAS

- **Coastal Systems**
- **Reservoir Systems**
- **River Systems**
- **Integrated**

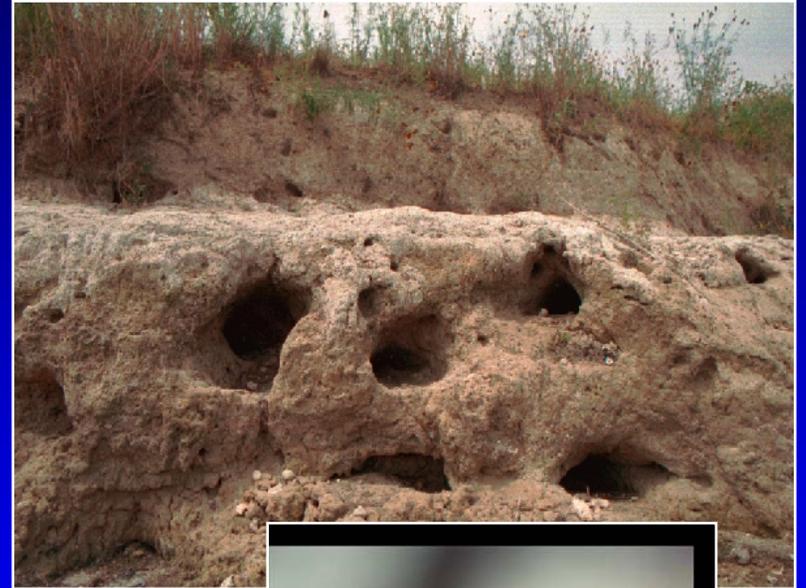

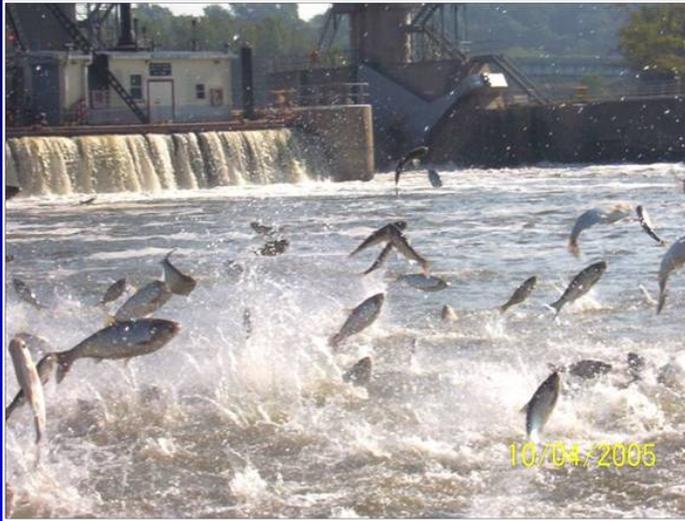

Coastal Systems

Reservoir Systems

River Systems

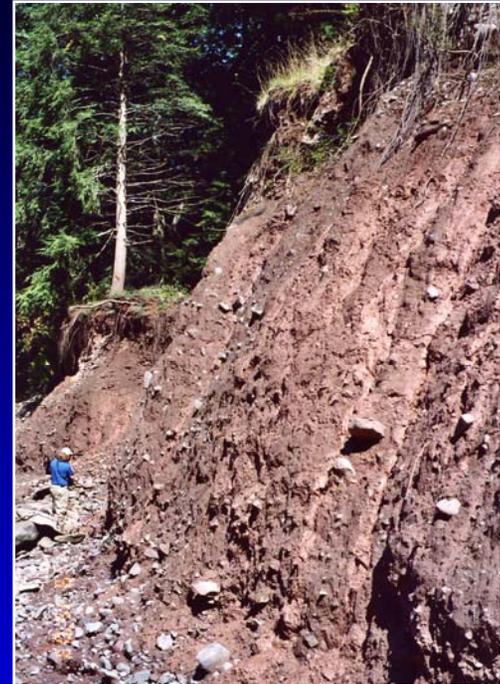

Ecosystem Management and Restoration Research Program (EMRRP)

FOCUS AREAS

- **Ecosystem Restoration**
- **Ecosystem Evaluation**
- **Stewardship and Management**
- **Regulatory**

Ecosystem Restoration

- Stream & Riparian Area Restoration Tech's
- Special Aquatic Sites (SAV, Coral Reefs, etc ...)
- Methods & Criteria for Site Selection

Ecosystem Evaluation

- **Techniques to Evaluate Ecosystem Functions at Appropriate Spatial / Temporal Scale**
- **Establish Environmental Benefits Value**

Stewardship & Management

- Methodology for Level 1 & 2 Natural Resource Inventories
- Habitat Management of Special Status Species
- Managing Special Resources – Grasslands / Wetlands , etc.
